### PARTNERSHIPS

**E** Dan.Meek@nps.co.uk  
**M** 07789 926731

Dan has more than 20 years' experience in public sector property management. As Director of Estates & Valuation, he has overall responsibility for the Strategic Asset Management, Estates and Valuation, Commercial Development, Agency, Land Agency, Land Survey and CDM-A and Compliance teams in NPS South West.

He is responsible for project managing the capital receipts delivery programme for a county council client and in 2019/20 and 2020/21 delivered over £20 million capital receipts.

With his team, he also provides consultancy advice to clients relating to shared utilisation of property assets and services through the one public estate agenda and is engaged in helping a county council client explore land and property opportunities to help deliver climate emergency solutions.

Notable projects include co-ordinating a thorough strategic review of an estate portfolio and authored a long-term Strategic Estate Plan and developing an Asset Management Plan incorporating economic, social and environmental metrics.

Dan has also authored a strategic development appraisal identifying potentially surplus assets worth around £100 million and has managed multi-million-pound annual capital programmes involving investment in improved infrastructure.

**“ I am a key point of contact for a number of highly successful estates, valuation and asset management joint venture contracts, framework agreements and informal call-off service agreements with local authority clients throughout the South West, including Devon County Council, Dorset Council, Cornwall Council and Somerset County Council. ”**
