Max's experience encompasses a wide range of sectors and includes expertise in the education, commercial, leisure, healthcare and residential sectors.

He has experience in all core areas of building surveying, including design and specification, contract administration and employer's agent, maintenance, commercial building surveys, residential surveys, party wall and dilapidations. He is responsible for undertaking and delivering building surveying duties from inception through to completion.

Notable projects Max has been involved with include Ewhurst Avenue, Birmingham, where he undertook a pre-acquisition building survey and schedule of condition for a client prior to taking a 10-year lease of a dated commercial unit. Max was subsequently instructed to undertake design, specification, tendering, contract administration and project management duties to transform the property into a bicycle repair workshop and associated office space.

At Westfields Residential Care Home in Swaffham he was appointed to design, specify, tender and act as contract administrator for a refurbishment and alteration project.

He is currently working on a new early years building for Heltwate SEN School in Peterborough. This project is the culmination of a number of large school expansion projects that Max has now delivered for Peterborough City Council as employer's agent.

**“ I strive to put client care at the forefront of my service, ensuring my work exceeds expectations and I always deliver on what I promise to my clients. ”**
